\$34 to meet us there

Back by popular demand, this year's Ice Castles brings fairy tales to life in North Woodstock, NH. Let your imagination run wild as you explore caverns and tunnels made entirely from ice. Race down an ice-carved slide, enjoy hot cocoa under the caverns and next to a wishing well. We depart PNSY at 2 PM for Lincoln, NH, stop for a quick bite (dinner cost not included) and at 5 PM we arrive at the Ice Castles. We leave North Woodstock at 7 PM and return back by 9 PM.

Start off the New Year by learning some new skills!!
The objective of this workshop is to introduce the participant to using machines for woodwork-
ing in a safe and efficient manner. It is geared for the hobbyist with limited to no experience in
woodworking, and is interested in learning. In this class you will be taught how to properly use the
bandsaw, drill press, compound miter saw, table saw, jointer, and thickness planer (other machines
may be added as time permits). With knowledge of these primary machines you will be able plan
out and start creating projects made from wood.
This workshop will be taught over the course of 4 sessions, and will consist of lectures, demons-
trations, and practical work. Class size is limited to 8 participants to maximize instruction with the
students. Fees paid include use of the shop throughout the 4 week session of the workshop during
normal operating times. So you will be able to start creating as you learn.
